Landing Page

The screenshot shows the ACI Landing Page. The top navigation bar is blue with the ACI logo on the left and links to DASHBOARD, SEARCH, REVIEW, REPORTS, and CONFIGURATIONS in the center. On the right, there is a language dropdown set to 'English' and a user profile for 'Tom Heuertz Analysis'. Below the navigation bar, a light blue banner says 'Hello, Tom Heuertz Analysis'. Underneath this, a white box contains four columns of user information: Organization (ACI1), Last Login (2022-07-06 10:58:12), Server Time (2022-07-06 11:12:50), and Local Time (2022-07-06 11:12:50). The 'Recently Visited' section follows, displaying four buttons: 'FORWARDS & REMINDERS', 'REVIEW ALERTS & DIMENSION IDS', 'DASHBOARD', and 'CONFIGURATIONS'. The 'Useful Links' section at the bottom shows three buttons: 'DASHBOARD', 'SEARCH', and 'TEAMS & USERS'. A small blue circular icon is visible in the bottom right corner of the page content area.

Activity History [Close]

The Activity History Report displays a snapshot of user activity for a given period. The data displayed depends on the user profile. Team Administrator users can access all data for their team while Analyst users are limited to their own activity history.

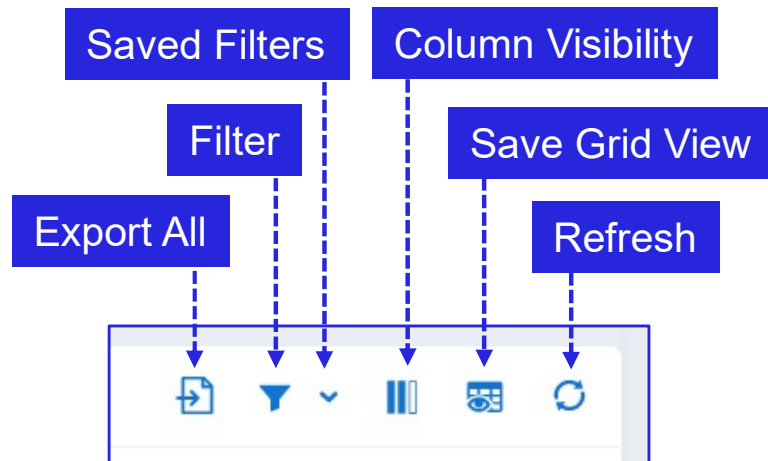

By default, the data displayed is filtered on the following values:

- Date Range: Today
- Actions: All
- Statuses: All
- Dimensions: All

To generate an Activity History Report:

1. Search for a user or select a name from the Users list (Team Administrator only).
2. Select one or more Actions, or click All Actions.
3. Select All Statuses, or filter on one or more of the following statuses:

Search

Search

- Enables the user to enter search criteria based on the Dimension type selected
- Grid displays available search fields based on Dimensions
- The Fraud Analyst User Guide contains a table of possible data types for search fields and the operators available for each data type.

Search

Card

The screenshot shows the ACI Search interface. At the top, there is a blue header with the ACI logo, a yellow 'SEARCH' button, a language dropdown set to 'English', and a user profile 'Tom Heuertz Team Admin'. Below the header, the 'Search' section has tabs for 'Card' (highlighted with a dashed blue circle), 'Merchant', 'Customer', 'Terminal', 'Employee', 'User Account ID', and 'Account'. Under the 'Card' tab, the 'Search Type: Card' is selected, and a 'Help' icon is visible. To the right, there are links for 'Open Dimension ID' and 'Recent Dimension IDs', and a yellow 'GET NEXT ALERT' button. The main search area contains a table of search fields, each with a dropdown menu for the field name, a dropdown for the search operator, and a text input field. A dashed blue box highlights the first six rows of this table. Below the table is a '+ ADD SEARCH FIELD' link. At the bottom, there are three buttons: 'SEARCH', 'CLEAR', and 'RESET TO DEFAULT'.

Review Processing Overview

Review Window

- Alerts and Reviews use the same window
 - Displays Dimension ID demographic and transaction information
- Reviews are opened for researching a Dimension ID
 - No impact to Alert Table
 - Multiple Reviews can be opened at the same time
- Alerts represent a Dimension ID whose incoming transactions have tripped one or more rules
 - Opened by Get Next Alert action
 - Alerts removed from Alert Table after Analyst reviewed
 - Only one Alert opened at a time

Review Processing Overview

Review Window

- Identifies the type of review being performed

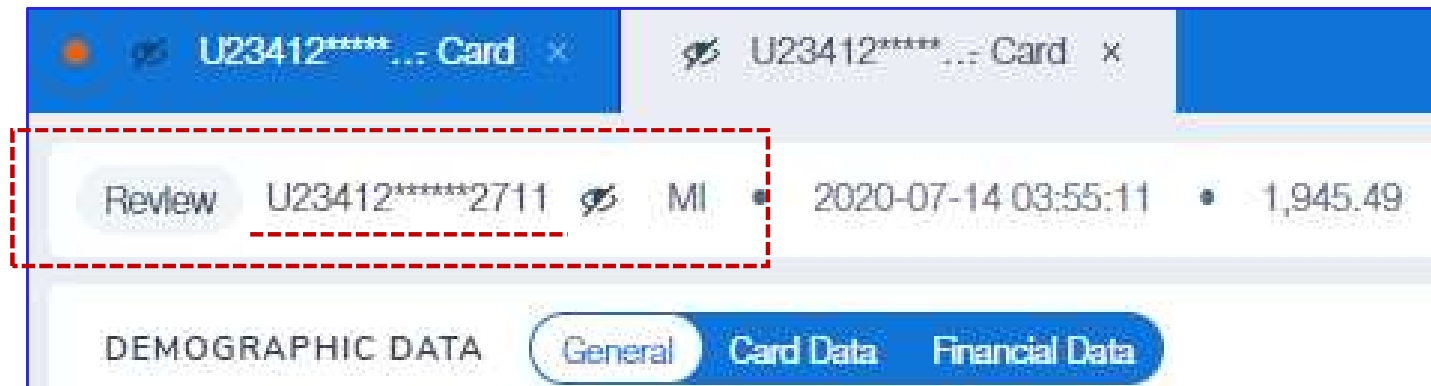

Alerts have an orange dots next to the Dimension ID

Review Processing Overview

Review Window

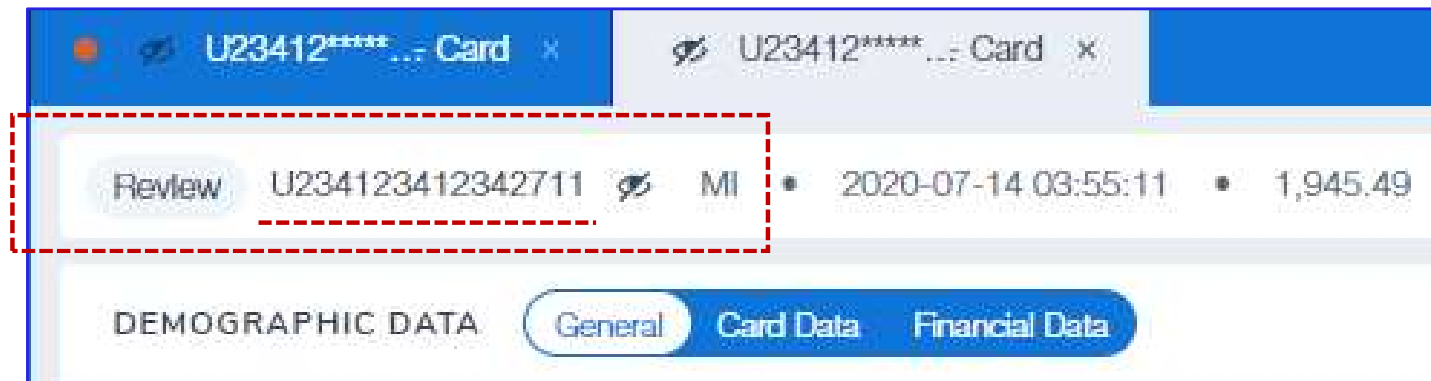

- Eye icon will unmask data briefly

Review Processing Overview

Opening a Review

Open Dimension ID

The 'OPEN DIMENSION ID' modal window is shown. It has a title bar with a close button. Inside, there is a 'Help' link. A 'Dimension' dropdown menu is set to 'Customer'. Below it is a 'Dimension ID' text input field containing the number '1234'. At the bottom, there are two yellow buttons: 'OPEN' and 'OPEN READ-ONLY'.

Select Dimension type

Enter Dimension ID

A dropdown menu titled 'Dimension' is shown. It has a search bar at the top. Below the search bar is a list of dimension types. Under the heading 'Dimension', the options are: Card (highlighted), Merchant, Customer, Terminal, Employee, User Account ID, and Account. Under the heading 'Cross Dimension', the options are: Device ID, IP Address, and Payee Account.

  buttons available on bottom lefthand side of Review Screen

Review Processing Overview

Opening a Review

OPEN

- The system places a lock on the database record and opens the Dimension ID in the Review Page.
- Actions can be taken against the opened Dimension ID and the associated transactions

OPEN READ-ONLY

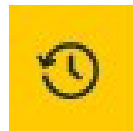

- The system does not place a lock on the database record and opens the Dimension ID in the Review Page in read-only mode.
- Actions cannot be taken against the read-only Dimension ID and its associated transactions

buttons available on bottom lefthand side of Review Screen

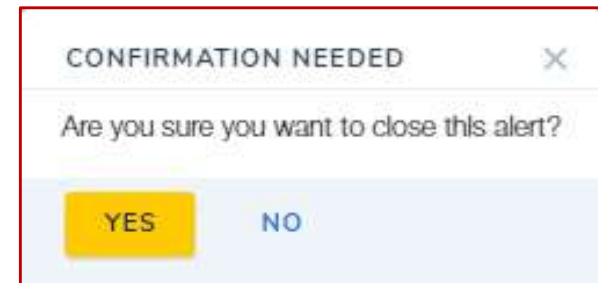

Review Processing Overview

Opening an Alert

- Is opened by Get Next Alert

Only one Alert opened at a time.
User asked to close opened Alert
before opening a new Alert.

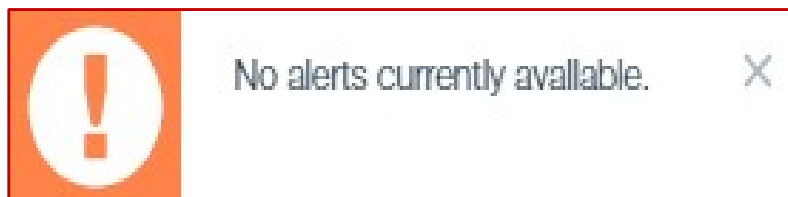

Review Processing Overview

Opening an Alert

A yellow rectangular button with a black right-pointing arrow icon followed by the text "GET NEXT ALERT" in black capital letters.

- Retrieves the next available highest priority alert from the user's assigned queues
- Analysts can examine only one alert at a time
- When there are no alerts in assigned queues, the following message is displayed in the upper righthand corner:

Actions - Single Dimension ID

Actions Tool Bar

- Actions taken using these icons impact the Dimension ID

The screenshot shows a web interface for cardholder information. On the left, a vertical blue bar contains ten icons: a right-pointing arrow, a document, a shield, a refresh arrow, a clock, a list icon, a document with a checkmark, a document with a magnifying glass, a signal tower, and an envelope. This bar is enclosed in a red dashed rectangle. The main content area has a blue header with a tab labeled '444444**...- Card x'. Below the header, a 'Review' section shows card details: '444444***0140', a card icon, 'VI', a timestamp '2020-10-29 19:12:12', and a balance '426.98'. The 'DEMOGRAPHIC DATA' section has three tabs: 'General' (selected), 'Card Data', and 'Financial Data'. It contains sections for 'Primary Cardholder Information' (with fields for PAN, First Name, Last Name, Middle Initial, Suffix, Previous PRM Name, Address 1, Address 2, City, State/Province, Postal Code, Country, and Email) and 'Primary Cardholder Identification' (with fields for Other ID, DOB, Government ID, and Financial Institution ID). Below this is 'Primary Cardholder Phone Numbers' (with Home, Work, and Mobile fields) and 'Other Cardholder Information' (with fields for Secondary First Name, Secondary Last Name, Secondary Middle Initial, and Previous PRM Secondary Name).

MARK

The screenshot shows the 'MARK' dialog box with several annotations:

- Mark Type:** A list on the left shows 'Fraud App' selected. A dashed blue arrow points from this list to the 'Mark Type' dropdown in the dialog.
- Identified By:** A list on the right shows 'Fraud Department' selected. A dashed blue arrow points from this list to the 'Identified By' dropdown in the dialog.
- Tracking Identifier:** A red box with the text 'Tracking Identifier' has a dashed red arrow pointing to the 'Investigation ID' field, which contains the value '987654'.
- Funds At Risk:** A dashed blue box highlights the 'Funds At Risk' field, which contains the value '3539.76'. Below it is a link that says 'Reset Funds At Risk'.
- Notes:** A text area contains the note 'Completed the review and marked 4 transaction'.
- Buttons:** At the bottom, there are three buttons: 'MARK', 'UNMARK', and 'CANCEL'. A dashed red box highlights these buttons.

Actions Tool Bar

- Actions taken using tool bar icons impact other Dimension IDs

The screenshot displays the ACI Transactions interface. At the top, there are tabs for 'All Transactions', 'Marked Transactions', 'Contextual Marked Transactions', 'Alerted Transactions', 'Profile Data', 'Standard Profiles', and 'Linked Accounts'. Below the tabs is a table of transactions. The table has columns for Transaction Date and Time, Tran Amount, Mark Type, Alerted, Retailer ID, Terminal ID, MCC/SIC, Risk Score, and Terminal Country. The table is filtered to show transactions from 2020-10-26 and 2020-10-27. The first four rows are yellow, and the last three rows are blue. The last three rows are selected, indicated by red checkmarks in the first column. Below the table is a pagination bar showing '1 - 50 of 112' and 'Page Size 50'. At the bottom, there is an actions tool bar. The tool bar shows '4 selected' and 'Deselect All'. It includes a 'Card' dropdown menu and several icons: a flag, a shield, a share icon, a clock, a pause icon, a magnifying glass, a document icon, and a mobile phone icon. The text 'Shift + X to deselect all' is displayed next to the icons.

Actions - Multiple Dimensions

Terminal Dimension Review - example

- A **Review/Alert** has indicated that this terminal may have been compromised after 1:00 PM, October 29
- Identify high dollar transactions to **Watch** or **Block** while investigation proceeds

The screenshot displays a web application for reviewing terminal transactions. The main window is titled "TERM145788WER655 - Terminal". A red dashed box highlights a "Review" button and the terminal ID "TERM145788WER655" along with the date and time "2020-10-29 19:12:12" and amount "256.52".

Below this, there are tabs for "All Transactions", "Marked Transactions", and "Contextual Marked Transactions". The "All Transactions" tab is active, showing a table with columns: Transaction Date and Time, Amount 1, and PAN. The table lists several transactions, with the first four rows highlighted in blue. A red dashed box highlights the first four rows of the table.

On the right side, there is a detailed view of a transaction with the title "PAN". It shows the PAN number "444444***0130" and a list of message types. A red dashed box highlights this detailed view.

At the bottom, there is a status bar showing "1 - 50 of 430" and "Page Size 50". There is also a "4 selected" status and a "Deselect All" button.

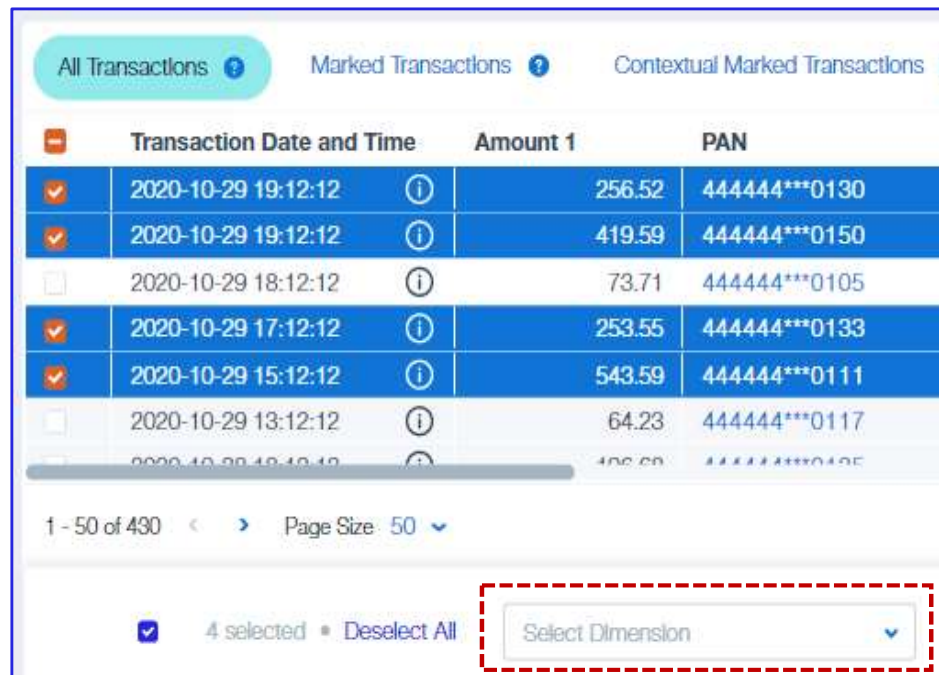

Transaction Date and Time	Amount 1	PAN

BLOCK

The screenshot shows a software interface for reviewing transactions. At the top right, the date and time '2022-08-02 12:54:41' and 'n/a' are displayed. Below this, there are three tabs: 'All Transactions' (selected), 'Marked Transactions', and 'Contextual Marked Transactions'. A table of transactions is visible, with columns for 'Transaction Date and Time', 'Amount 1', and 'PAN'. The table contains several rows of transaction data. A 'BLOCK' dialog box is open on the right side of the screen, outlined with a red dashed border. The dialog box has a title bar 'BLOCK' and a close button. It contains a 'Dimension' dropdown set to 'Card', a 'Block Code' dropdown set to '1234 - Common Point of Compromise', and a 'Notes' text area with the text 'Investigating 4 Terminal transactions - PANs - for fraudulent activity'. At the bottom of the dialog box are three buttons: 'BLOCK', 'REMOVE BLOCK', and 'CANCEL'.

The screenshot displays a web application interface for managing cardholders. A red dashed box highlights the top-left area, which includes a navigation sidebar with icons for home, flags, security, sharing, reminders, menu, documents, folders, and notifications. The main content area shows a card titled 'U23412*****... Card' with a status of 'Review'. Below the status bar, there are tabs for 'General', 'Card Data', and 'Financial Data'. The 'General' tab is active, showing 'Primary Cardholder Information' with fields for PAN, First Name, Last Name, Middle Initial, Suffix, and Previous PRM Name. Below this is a section for 'Primary Cardholder Identification' with fields for Other ID, DOB, Government ID, and Financial Institution ID. The cardholder's address, city, state, postal code, and country are also displayed.
